The Budget Office is working with donor partners and CSOs to continue to improve the platform.

Commitment 2 - Open Procurement:

Full implementation of Open Contracting and adoption of Open Contracting Data Standards in the public sector.

The Bureau of Public Procurement began the process of reviving the Nigeria Procurement Portal (NOCOPO) with a user experience and requirement gathering meeting with the Procurement Working Group, Private Sector companies, Procurement Officers in the pilot MDAs and supported by the Open Contracting Partnership (OCP). The improved NOCOPO platform will be launched before the end of next quarter and pilot programme using live data will begin with the 8 pilot MDAs. BPP is in the process of drafting administrative guidelines and rules to be issued to stakeholders as consultation is on-going on the draft guideline.

To sustain public engagement in the procurement process, PPDC recently launched a toll free line for the public to report procurement and project implementation related issues in their community for escalation to the relevant MDAs and BPP.

The details of implementation of specific activities are as follows:

Milestones for Commitment:	Report of Progress made Implementing Commitment
	Underway

<p>Increase sensitization of citizens on how to engage at every stage of the procurement cycle.</p>	<ul style="list-style-type: none"> • PPDC continued to host the Budeshi Radio program to sensitize the public on procurement related issues in Nigeria. PPDC is in the process of recruiting community-based monitors to track and report on the state of public procurement in their communities. • Over 40 Civil Society Organisations (CSOs) working on accountability and transparency on Access to Information and Open Contracting Data Standards were trained in June 2017. This training resulted in the inauguration of the Procurement monitoring working group (PMWG) that was targeted towards strengthening monitoring and reporting on public finance expenditure by citizens at all levels. The group interfaces with the Bureau for Public Procurement (BPP) to foresee the implementation of the NOCOPO, ensure its effectiveness, active operation and interoperability with other data banks such as the Beneficial Ownership register being developed by CAC, its sustainability and citizens access it. (BPP & PMWG) It is still an on-going process. • PPDC has developed a toll free number for people to call, ask questions and report on contract implementation within their communities. 0800BUDESHI or 08002833744 (BPP, PPDC, Procurement Working Group)
<p>Establish Open Contracting portal with feedback mechanism that is populated with procurement data and available online.</p>	<p>Underway</p> <ul style="list-style-type: none"> • BPP held pilot MDAs workshop on NOCOPO on 21st February 2018 in preparation for the upgrade and deployment for use by MDAs. It was

	<p>anticipated that the MDAs would start publishing data on the NOCOPO platform data. There were 16 participants at the training.</p> <ul style="list-style-type: none"> On 22ndFebruary 2018, a CSO action planning and user need workshop was held for the upgrade of NOCOPO to collate feedback and requirements from stakeholders on the upcoming upgrade of NOCOPO. There were 33 MDAs and CSOs representatives in attendance. At the end of the meeting a six-month work plan was developed for the procurement Monitoring Working Group across the 6 geo-political zones. <p>(BPP)</p>
<p>Establish open contracting forum comprising of government, Civil Society and Private Sector to ensure sustained engagement and improved procurement processes.</p>	<p>Completed</p> <ul style="list-style-type: none"> The Procurement Working Group collaborated with Open Contracting Partnership (OCP) and BPP to organise a 'User Needs and Requirement Gathering' workshop for the upgrade of NOCOPO which held on 22ndFebruary 2018. Commitment 3: Extractive Transparency

Work together with all stakeholders to enhance transparency in the extractive sector through a concrete set of disclosures related to payments by companies and receipts by governments on all transactions across the sector’s value chain.

NEITI published and submitted the 2015 Oiland Gas Audit report to the Auditor General and National Assembly as part of effort to improve remediation activities expected from this commitment. The DPR continues to publish crude export figures and the next set of data is slated for publication in May/June 2018. Efforts continued toward establishment of the Beneficial Ownership Register especially in the oil and gas sector with CAC at an advanced stage with the bill to repeal and re-enact the Companies and Allied Matters Act (CAMA). CSOs like CISLAC published a research on existing legal framework for Beneficial Ownership and a Beneficial Ownership factsheet. DPR have successfully reviewed the procedure guide on custody transfer. While the CSOs are currently disseminating the 2015 NEITI Oil and Gas Report and have hosted 3 Town Hall meetings in 3 states in Niger Delta region.

The details of implementation of specific activities are as follows:

Milestones for Commitment:	Report of Progress made Implementing Commitment

The Working Group has held two stakeholder’s meetings on remedial issues. <p>(NEITI)</p>

Commitment 4 Tax Transparency:

Adopt common reporting standards and the Addis Tax initiative aimed at improving the fairness, transparency, efficiency and effectiveness of the tax system.

The FIRS signed the necessary instruments pursuant to Addis Tax Initiative; including two Common Reporting Standard Agreement-Common Reporting Standard Multilateral Competent Agreement and Multilateral Competent Agreement on Country-by-Country Reporting. Both agreements means Nigeria joins the automatic exchange of information with other countries which will fully begin in 2019. On March 13, 2018, FIRS set up a committee to work out sensitization of financial institutions on the implementation of the Common Reporting Standard while another committee will handle sensitisation of other corporate institutions.

The Federal Executive Council (FEC) approved the Country-by-Country Reporting regulation which is awaiting gazetting by the Minister of Justice. Another regulation has been drafted by FIRS on Automatic Exchange of Financial Account Information and will be sent to the Finance Minister for Approval. Both regulations contain penalties for non-compliance.

The details of implementation of specific activities are as follows:

These agreements are pursuant to Addis Tax initiative. • This means there is now automatic exchange of information. The full implementation of the automatic exchange of information will fully begin in 2019 as the infrastructure is being put in place. A review of confidentiality and data safeguard process is on-going. OECD will make an onsite visit to confirm status in August 2018. • FIRS also signed unto the TADAT (Tax Admin Diagnostic Assessment Tool. IMF developed TADAT as a compliment to the Addis Tax Initiative. The TADAT is aimed to assist FIRS in assessing the extent of the efficiency of the tax administration at the federal and state levels as well as determine the efficiency of the transparency of tax assessments. • The TADAT/IMF team trained FIRS officials in 2017. The assessment team is using Kano and Lagos states as pilots and are currently on a tour in Kano to get evidence of the work done by Kano. • The TADAT program is working with states to know how much they are generating in revenue. Commitment 5 -Ease of Doing Business:

To improve the ease of doing business and Nigeria’s ranking on the World Bank Doing Business Index.

The latest World Bank Ease of Doing Business Index showed that Nigeria moved up 24 points, exceeding the target of 20 points set in the National Action Plan. This improvement boosted investors’ confidence in the reform of government as being executed by the Presidential Enabling Business Environment Council and Federal Ministry of Industry, Trade and Investment. There is on-going pilot in Lagos and Kano to reduce the number and improve the procedure for obtaining land titles in both states. Also, PEDEC is currently working with 10 MDAs offering business process related services to improve coordination and collaboration; some of the efforts are easily noticeable in the reduced number agencies operating at the airports. PEDEC continues to receive, review and implement feedback from business process users to improve experience through www.pebec.report

On business registration, CAC successfully reduced the process to 24 hours and is now working to ensure that businesses can now be registered in 2 hours before the end of 2018. The cost of registration has been reduced as well.

The implementation of the new laws related to credit information is being implemented and it is expected that all financial institutions will be able to share and access information before the end of 2018.

The details of implementation of specific activities are as follows:
